

Report discrimination at school

A Black pupil is insulted because of the colour of her skin and referred to as the N-word. A teacher says that she shouldn't take it seriously; it was just a "joke".

Someone at school shouts "Fucking foreigner" and gives the Nazi salute.

Right-wing symbols (e.g. a swastika or racist anti-Roma slur) have been drawn on the school toilet wall.

We – the municipal Office for Democracy – are here for you.

We provide you with information and support, whether you have been affected directly, are a relative of someone who has been affected, or a witness. We document incidents and put people in touch with centres providing confidential counselling and other forms of help.

You can contact us via e-mail **demokratie.schule@muenchen.de** or by phone: **+49 (0)89/233 28443.**

You can report any incident which took place at your school or in connection with it, whether that be on the way to or from school, at an after-school care group, in the class group chat or on social media. This includes all incidents in which you experienced or witnessed discrimination or right-wing content. In any case, it is better for you to contact us once too often than too little.

We are able to

- **discuss matters with the school's management or teachers,**
- **arrange for experts to come to your school to talk about racism or anti-Semitism,**
- **recommend and get in contact with a suitable advice centre.**

Why should I report it?

If I'm discriminated against or witness discrimination, I can do something about it! I can get help and report discrimination, as I have the right to be treated fairly and without prejudice. And that includes at school!

When you fill in the report form, you can choose whether to provide your contact details or not. Either way, your report shall remain confidential. If you would like information or advice, you should provide a way for us to get in touch with you. We will then contact you after you have submitted your report.

We will then discuss the various options available to you for dealing with the incident/situation.
